## LISTING OF THE CLAIMS

This listing of claims will replace all prior versions, and listings, of claims in the application.

Claims 1-14 (Canceled).
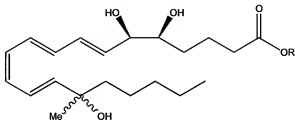

15. (Currently Amended) A method for ~~treating~~ inhibiting PMN infiltration of columnar epithelial and inflammation in a subject comprising, administering to a subject an effective amount of a lipoxin A_4 compound, wherein the lipoxin compound is an analog of natural lipoxin A_4, and wherein the analog of natural lipoxin A_4 has a metabolic transformation region different from the natural lipoxin A_4 resulting in a longer half-life than natural lipoxin A_4.

16. (Previously Presented) The method of claim 15, wherein the lipoxin analog is

where R' is H or CH_3.

17. (Previously Presented) The method of claim 15, wherein the lipoxin analog is

where R' is H or CH_3.

18. (Previously Presented) The method of claim 15, wherein the lipoxin analog is
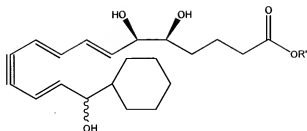

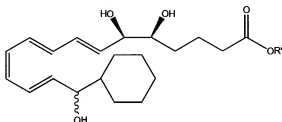

where R' is H or CH3.

19. (Previously Presented) The method of claim 15, wherein the lipoxin analog is

where R' is H or CH3.

20. (Previously Presented) The method of claim 15, wherein the lipoxin analog is

where R' is H or CH3.

21. (Previously Presented) The method of claim 15, wherein the lipoxin analog is

-3-

where R' is H or CH$_3$.

22.   (Previously Presented) The method of claim 15, wherein the lipoxin analog is

where R' is H or CH$_3$.

23.   (Previously Presented)   The method of claim 15, wherein the lipoxin analog is

where R' is H or CH$_3$.

24.   (Previously Presented)   The method of claim 15, wherein the lipoxin analog is

where R' is H or CH$_3$.

25.   (Previously Presented)   The method of claim 15, wherein the lipoxin analog is

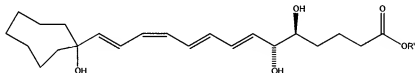

where R' is H or CH$_3$.

26.   (Previously Presented) The method of claim 15, wherein the lipoxin analog is
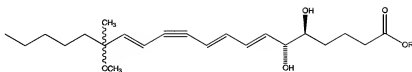

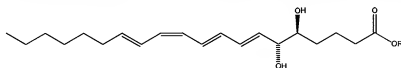

-4-

where R' is H or CH$_3$.

27.   (Previously Presented)   The method of claim 15, wherein the lipoxin analog is

where R' is H or CH$_3$.

Claim 28 (Canceled).
